Education

R P Sarathy Institute of Technology Bachelor of Technology in Information Technology (CGPA: 8.49/10)	2021 – 2025 Salem, TN
Government Boys Higher Secondary School Higher Secondary Education (Percentage: 85.3)	2020 – 2021 Dharmapuri, TN
Government Boys Higher Secondary School Secondary School Education (Percentage: 79.4)	2018 – 2019 Dharmapuri, TN

Relevant Coursework

- Software Engineering
- Database management
- Machine Learning

Projects

Website Traffic Analysis | Python, IBM Cognos Analytics Dec 2023

- Conducted an in-depth analysis of website traffic patterns, including user behavior, page views, and session durations using IBM Cognos Analytics.
- Utilized data visualizations to identify key metrics such as bounce rate, conversion rate, and page load times, leading to actionable insights for performance improvement.
- Analyzed geographical data to determine high-traffic regions, guiding targeted marketing efforts.
- Provided recommendations for improving user experience by optimizing the site's flow and content layout.

Staycation Dashboard | Tableau May 2024

- Designed and developed a comprehensive Tableau dashboard to visualize Staycation booking data, highlighting key performance indicators.
- Analyzed the top 10 earners across different regions, providing insights into high-performing locations and seasonal trends.
- Explored the relationship between pricing strategies and customer reviews to identify optimal price points.
- Examined sales distribution across regions, with a focus on the Sherds region, to help optimize regional marketing efforts.

Instagram Testing Automation using Selenium | Selenium, Python, Webdriver

- Tested login flows and user interactions to ensure functionality across different web pages.
- Conducted **regression testing** to check for issues after updates.
- Handled errors and ensured tests ran smoothly even with page load issues.
- Performed **cross-browser testing** to ensure compatibility with multiple browsers.

Technical Skills

Programming Languages: Python, C, Core Java
Web Development: HTML, CSS
Data Visualization: Tableau, IBM Cognos Analytics, PowerBI, Excel
Database Tools: MySQL, SQLite, PL SQL
Frameworks: Pandas, Numpy, Selenium, BeautifulSoup
Others: Jupyter Notebook, MS Office, ETL and EDA

Soft Skills

Adaptability, Analytical thinking, Attention to details, Communication, Flexibility

Internship & Workshop

Data Analyst Intern | Vcodez

Jan 2025-April 2025

Gained hands-on experience in developing interactive dashboards using Power BI and automating data analysis tasks with Python.

UI and UX Intern | Fifth Gen Infotech

Jan 2023-Feb 2023

Learned principles of UI and UX design, including wireframing and prototyping.
Gained skills in creating intuitive and visually appealing interfaces.

DS and ML Workshop | Coding Ninjas

Jan 2022

Acquired foundational knowledge of data science and machine learning concepts and applications.

Achievements

- Published paper on "Website Traffic Analysis" in the **International Journal of Advanced Engineering and Management Applications** (IJAEMA), ID 8977.
- Served as **Department Symposium Coordinator** for the Department Symposium, organizing academic events and guest lectures.
- **Department Coordinator** for the **College Sports Day** (2023-24), responsible for managing various events and activities.
- Developed and curated **4 lab manuals** for Artificial Intelligence and Machine Learning courses, aiding practical learning for students.

Certifications

- **Introduction to Python** by Coding Ninjas
- **Data Science and Machine Learning** by Coding Ninjas
- **Network Essentials** by Cisco Academy
